

## Cameron Ends June With No Rain; Milam Crops Still In Good Condition

Cameron ended an unusually dry month of June this year, and there was no one to dispute that fact because no rain fell, not even to measure a trace. A mild sprinkle dropped over the city Wednesday evening, but according to the official rainfall measuring station, located at the water plant, it wasn't enough to measure a trace. However, some unofficial reports stated that some areas were blessed with some rainfall, and others in the county reported only a few drops.

But just the slight smell of rain, cooler temperatures and a cool breeze was a welcomed relief and brought smiles to many. The rainfall in this area has been low all year with only 7.54 inches falling thus far, with half of 1954 over. The average monthly rainfall during 1953 amounted to about three and half inches. If compared to this year's average rainfall per month, each month could account for only about one and one-fourth inches.

However, in checking with the ACP office, Paul Dillon reported that the drought has as yet not taken any noticeable effects on the principal county crops. The county received the best rains

during April and May when 5.31 inches fell during the two months. The moisture fell at the right time to help the crops.

He reported that the cotton plants are fruiting nicely and that most of the corn is in good condition, however, some of the plants in the sandy soil are now effecting to the weather conditions.

The county also has a good grain crop but Dillon reported that the price is down this year. He said, though, that a loan of \$2.50 for 100 pounds was available for farmers who had storage on their farms. This is double the market price.

The oat crop was harvested without any interference of wet weather, but it was reported that it was below normal. Most of the truck crops have accounted for a good average market but could have used more rain.

The county has been under regular summer heat recently, with an official high of 99 reported Wednesday. Some unofficial reports came in that the mercury simmered above the 100 mark Wednesday, however the 99 degree reading is highest official temperature.

### No Highway Mishaps Reported For Milam During Holidays

John Blansit, highway patrolman, reported Tuesday that there were no highway accidents in Milam County during the July 4 holidays Friday midnight to Monday midnight.

Blansit said he checked with Sheriff Carl Black and he had no accidents reported. Blansit said, however, there were quite a number of violations and arrests made.

Traffic was heavy on all of the highways leading in and out of Cameron all the weekend, Blansit reported.

An unofficial newscast early Tuesday morning reported that there had been 49 deaths in Texas during the three day holiday. 29 died in highway accidents, ten from gun shot wounds and ten from drowning.

### 13 Milam Men Register At Draft Board

The following young Milam County men became 18 years of age during the month of June and reported for registration at the Local Board office:

Richard Eugene Angell Buckholts; Monte Lee Hyder, Rockdale; Ulysses Mann Green, Cameron; Hubert Densly Youngblood, Jr., Rockdale; John Carroll Green, Cameron; John Gonzales, Buckholts; Alton Royce Weems, Cameron; Clyde Denson Wilson, Milam; Clarence Wilson, Milam; Milton Ray Taylor, Rockdale; Oscar Scott, Burlington; Porter Junior Johnson, Maysfield and Cecil Edward Parker, Hair.

Registrants do not necessarily have to return to their home town to register. If a registrant is temporarily away from home at the time he becomes eighteen, he may report to the nearest draft board office and register, giving his permanent address, and his registration card will be mailed to the board, having jurisdiction over the address given, for permanent custody.

### Highway Post Office To Waco Leaves Cameron Earlier

Postmaster John Hays announced this week that the time schedule for the Highway Post Office to Waco has been changed and that many Post Office patrons are mailing their letters too late to be placed on the mail wagon.

The new time is 7:55 p.m., it was originally 8:20. All persons wishing to have their mail on this carrier were urged to have their mail in the post office at an earlier time.

Johnny McClaren returned to his home this week after visiting for a week in the home of Mr. and Mrs. Hans Garlish and family of Lake Jackson.

### Final Rites Held For John Radtke, Former Resident

John F. Radtke, a former resident of Cameron, died early Monday morning, June 28 at his home in Fort Worth, where he resided with a daughter, Edna Radtke Shurbet. He had been ill two and one-half years.

Mr. Radtke, whose father served in the Civil War, was born in Washington county, Texas May 27, 1862. He made his home in Cameron for 48 years where he was a butcher. He retired about 1922 and had lived in Fort Worth four and one-half years.

He was preceded in death by his wife who died in 1951.

Surviving are a son, Sam Radtke of Rockdale; two other daughters, besides Mrs. Shurbet, Mrs. Mary Radtke of Cameron and Mrs. Lillian Moberg of East St. Louis, Illinois.

He is also survived by seven grandchildren, eleven great-grandchildren and two great-great grandchildren.

Funeral services were held at 3:30 June 29 in Tarveson-Cole Chapel with burial in Garden of Memories. Grandsons and great-grandsons served as pallbearers.

## Official Ballots Delivered For County Absentee Voting

Official ballots for the July Primary were delivered to the office of County Clerk, Homer Nabours, shortly before noon Friday, July 2. Over eleven thousand ballots were printed this year due to the increase in population in some precincts especially 15, Rockdale and 42, Thordale.

According to the certified list of poll tax payments issued to the chairman of the Milam County Democratic Executive Committee, Max McClaren, the Tax Assessor and Collector Valter White, there are 5153 paid poll taxes this year with 40 exemptions.

Ballots were delivered early in order that they would be ready for absentee voting which begins July 4. Since this date comes on Sunday and the courthouse at Cameron will be closed on Monday, July 5, absentee voting for Milam County citizens will get underway Tuesday morning, July 6. This is taking place generally over the state since most of the county seats are taking July 5 as a holiday.

County Clerk Nabours said that several voters had written him requesting him to mail them ballots since they would not be here on election day. Some requests were from people in several of the northern states and over seas.

All absentee voting is handled through Mr. Nabours' office. There are 45 voting precinct in the county. Election managers have been named by the committee. The number of clerks for each voting box that have been allotted the respective boxes will be announced within the next

week in order that election managers may secure sufficient help by election day. Most of the election managers make it a rule to use the same helpers each two years, whereas possible, since they are familiar with the work and can expedite procedures in making officials returns to the chairman on the night of the election, and to the candidates, are always anxious to know how the returns are coming out and people in general are interested in their favorite candidates. Arrangements are being made to announce the returns as they come in from the various boxes, chairman, McClaren said. It is the policy of the committee to always make this courtesy available to the public.

## Cameron Building Totals \$29,454

Eleven building and repairing permits were issued by the city for the month of June, hitting the total of \$29,545. This topped the \$9,300 total of June, 1953.

Permits were released to the following: Progressive Missionary Baptist Church, \$6,200; J. L. Burks, for enlarging, \$250; C. J. and Agnes Sutter for repair and enlarging, \$5,000; Schiller Motors, building, \$4,000; Lawrence Zetz, building new house, \$4,000; Woodson Lumber Co., building new house, \$4,500 Woodson Lumber Co., building new house, \$4,500; Lydia A. Baron, enlarging, \$100; Louis Elley, for moving \$400; and Niley J. Smith, for repairing and enlarging, \$35,000; W. T. Hanes repairing, \$345.

The figures were released by Mrs. Naomi Needham, city secretary.

### Lt. William Robinson Receives Commission At VMI June 15

L. William A. Robinson, son of Mr. and Mrs. W.A.L. Robinson of Cameron graduated from the Virginia Military Institute June 15. Lt. Robinson received his commission in the Air Force and is scheduled to begin flight training sometime this fall.

Lt. Robinson graduated as a distinguished student and was second highest in his class with only eleven distinguished students being named in the 1954 class. He is a graduate of the 1950 Yoe High School class and was among the honor students of his high school class. He is working with his father this summer.

Cameron firemen fought for more than two hours Sunday night to bring under control a fire that possibly could have destroyed a large portion of the downtown area of Cameron. Three firemen were injured. They were Tommy Sheguit, Gene Blake and Rudolph Richter. The Lone Star Gas Company was gutted by the fire that apparently started around 8:30. The alarm was turned in at 8:47. Charlie M. Burke, manager at the Company said the total damage was estimated at between \$50,000 and \$75,000. About \$25,000 in stock and merchandise at the company was either burned or heavily damaged by water and smoke. He reported that the origin of the fire was due to defective wiring in the ceiling. All of the records were saved, Burke added.

Dusek Pharmacy received considerable smoke and water damage. Franklin Dusek said that smoke came through the wall from the Gas Company into the Zalesky building where his business is located, creating an explosion that blew a portion of the roof off. The Zalesky building also houses the Farm Bureau and the Prokisch and Ford Barber Shop. Both of these businesses received damage. John A. Smith, president of the Farm Bureau said that none of their records were destroyed but that

considerable damage was done by smoke and water.

Part of the roof of the Zalesky building on the North side fell into the alley between the Texas Power and Light Company and Farm Bureau.

It was reported that damage to the Zalesky building would run into the thousand of dollars as the explosion tore the tin from the timber rafters and other parts of the roof. Mr. Dusek said a heavy rain at this time would cause a heavy damage to his merchandise since the roof in his section of the building was in need of immediate repair.

Sheguit was admitted to the St. Edward Hospital after he was struck by portions of the roof that fell from the Zalesky building. Blake and Richter received arm, foot and leg injuries from the same accident. It was reported Tuesday morning that Sheguit has been released from the hospital.

Burke said the wonderful cooperation from the firemen and all citizens of Cameron at such a time of disaster was highly appreciated by his company. He said that his employees were on the job early Monday cleaning up the debris and getting ready for business at their new location in the Cheeves building on Main street across from the courthouse. He went on to say how grateful he was for the friendly spirit manifested by the people of the community at such a time.

The last major fire in the city was the burning of the Cameron Enterprise and The Texas Power and Light Company on Sunday, August 16, 1953.

## Bank Deposits Up Over Past Year

Cameron bank deposits as of June 30 have jumped to nearly three million dollars more than they were a year ago. The total amount of bank deposits of the

Cameron banks as of June 30 was \$12,422,841.83. On June 30 last year, deposits were \$9,739,198.18.

Hilliard Thomas, vice-president at the Citizens National Bank said the increase at his bank was due chiefly to government deposits, increase in savings accounts and individual deposits. He said this was a healthy attitude on the part of the depositors and a conservative, sound business trend. He went on to say that it was a good indication that people generally, were saving more and it was a healthy sign of good business.

August Gurecky, vice-president at the First National Bank, said that the increase at his bank was due to increases in the same departments as the Citizens Bank. He also added their deposits were hiked on account of the sale of cattle of some of big depositors. He said, in general, conditions were good.

### Pythian Installation Ceremonies Set For Monday, July 12

Past Chancellor Commander Jewels will be presented to B. L. Archer and A. J. Smith retiring chancellor commander. Newly elected officials and members are urged to attend the ceremonies.

### Jimmie Mathis Dies At Local Hospital; Burial At Marlow

Jimmie Mathis died suddenly at 2 p.m. Wednesday, June 30 at St. Edward Hospital. He was born Oct. 19, 1899 in Lee county and had lived most of his life in Milam county. He lived in the Marlow community for several years and at the time of his death lived near Cameron.

Funeral services were scheduled at 4 p.m. at the Chapel of the Green Funeral Home with Minister Barney Welch officiating. Burial in Marlow Cemetery.

He is survived by his widow; two sons, Robert Lee Mathis of Cameron and Alfred Weldon Mathis of Fort Hood; three daughters, Evelyn LaVerne Mathis, Lessie Vea Mathis, and Mrs. Agnes Marie Horelica, all of Cameron.

He is also survived by one grandson, Henry Lee Horelica and one sister, Mrs. S. J. Henry of Cameron.

## 20th Anniversary Meeting Of PCA To Be Held July 10 At Bryan

The 20th anniversary meeting of the stockholders of the local production credit association will be held at the Stephen F. Austin high school in Bryan on Saturday, July 10, 1954, according to Robert M. Clark, manager of the Cameron office of the association.

At the conclusion of the meeting, a barbecue for members, their wives, and guests will be served at the municipal park in Bryan. Clark states that he expects about 150 members to attend the meeting from Milam County.

The board of directors of the association, which includes H. L. Yager of Maysfield, is making preparations for the biggest and best annual meeting ever held by the association since 20 years of dependable credit to farmers and livestockmen of this area will be celebrated. Twenty attendance prizes of 20 items each will be given away to observe this important event in the life of the association, and each member will have an equal opportunity to participate in these prizes.

According to Clark, the association began business the first part of 1934 during the depths of the depression. Most farmers were broke at that time, and the government furnished most of the capital to help the association get started, and at one time had \$175,000.00 capital stock in the local association. All of the government capital has been retired, and the association is now entirely owned by 970 farmers and livestockmen residing in Milam, Burleson, Robertson, Madison, Grimes and Brazos counties, and has a capital structure of almost \$400,000.00. During the last 20 years the association has loaned

over twenty-seven million dollars to its members, and losses have been negligible.

Other directors from Milam County who have served the association during the last 20 years included Frank W. Worley of Rockdale, L. H. A. Fuchs of Buckholts, J. D. Baskin of Cameron and George T. Graves of Cameron.

Misses Melinda Ruth and Paula Suzan Pryor of Little Rock, Ark., are visiting in the home of Misses Mary and Lois Randolph.

## Farm Bureau Makes Plans For Membership Drive

At a business meeting of the board of directors of the Milam County Farm Bureau, plans were made for the 1954 fall membership drive. The date has been set for Monday, October 4. A kick-off supper will prelude the drive. The time and location are forthcoming.

Either a state or national Farm Bureau executive will be the main speaker. Plans are underway to secure such a speaker.

John A. Smith, president, addressed the group on the importance of attending the hearing of the Milam County budget. He said the date of the hearing would be given later. Smith emphasized that all directors attend the hearing since it is the taxpayers money that will be

used in paying the budget items. It is important that the general public attend such hearings.

Miss Lenora A. Bickett gave the financial report of the Milam Bureau. Bill Arthur gave the service report, Miss Bickett also reported the happenings of the directors meeting.

The general meeting of the membership of the bureau was announced for Thursday night, July 15 that will be held at the city park. The occasion will be in the form of a family picnic. Each family is to bring a basket picnic lunch. Drinks, plates, cups will be furnished by the farm bureau. Recreation will be provided immediately following the picnic supper.

Considerable discussion was

given to the Texas Farm Bureau Institute that will be held at College Station, August 1-5. Both Miss Bickett and Mr. Arthur will attend the five day meet. President Smith urges all the directors as well as the entire membership to attend this important event.

Smith asked that farmers get their farm bureau signs. They are only thirty-five cents and orders may be placed with the secretary. This should be taken care of prior to August 1. The bureau has set up a bulletin service for farmers who want to sell or purchase produce, livestock or other farm products. Information is available at the farm bureau office.

## Double Header Played At Park Thursday

Wild pitching caused a 7-4 loss to Jimmie Asher's team in the Senior Boys softball league at the City Park Thursday night. Rev. John Solomon's team came through with the victory in the first game of a double header.

However, in the second game of the night, sides were changed and Asher's team strode through for a 3 to 2 decision over Rev. Solomon's boys.

Arnold Warren gave up two triples, one double and walked five men while the losing pitcher Alton Witt walked eight men, hit one batter, and gave up four singles and one triple.

Completing the battery for the winning team was Jimmie Rettig behind the plate and Luther Burnett was catcher for the losing team.

Hutch Polzer and Thomas McVey slugged out one triple each to lead the losers while Warren led the winners with one triple. It was the second inning that iced the seven-inning game for

Asher's team when four runs were recorded.

A close ballgame, that left Asher's team on top 3 to 2 was played in the second game of the night's double header. It was Joey Brantley on the mound for the winners while Leroy Franklin twirled for the losers. L. Burnett was behind the plate catching Brantley's balls while Bobby Williams completed the battery for Rev. Solomon's team.

The ball game was tied going into the bottom of the last inning. McVey hit a single and got on base. He went to third on another single by Witt, and scored the deciding round on a pitch.

Coach Leo Jackson, director of the Summer Recreation Program here, stressed his belief that more students are now participating following the change of schedules and as the summer is progressing on. There is still more room for more youngsters in any field of sport.

The tennis courts were also full Thursday night with girls volleyball players and boys tennis players. The events were directed by Miss Martha Black and Scott Irvin.

# Shivers Parole Proclamation Frees Two Milam County Men

Sheriff Carl C. Black reported early Thursday that Billy Ray Braden and James L. Blackmon had been paroled by Governor Allan Shivers. Sheriff Black said he received the proclamation from the governor's office stating that the Board of Pardon and Parole had granted the two men a parole from the Milam County jail.

Both Braden and Blackmon have been in the county jail for the past 27 days. They were fined \$50.00 and cost of court and given a 60 day sentence in the county jail for poisoning fish with crotonone on Little Pond Creek near the Brazos River. This action was taken by the county court to clamp down on offenders of the game and fish laws.

Braden and Blackmon pleaded guilty to the charge; their fishing licenses were revoked for one year from the date of the sentence.

It was reported that the parents of the two men and a large number of friends made application and request to the Board of Parole, recommending that they be paroled.

According to Judge Charles Smith, the two men had gone on the land of Roger Wimberly. Wimberly spotted the car and went to the creek where he found the two with a sack of dead fish and more dead fish floating on the surface of the creek. The men got away but with the aid of the Milam County Sheriff's Department, the car was traced and both men were arrested later by Game Warden, Ross Seale of Hearne.

## Homemakers Enjoy Slumber Party; Plan August Pow Wow

The Yoe High School Gymnasium was the scene of a festive affair Friday, July 2 when the Yoe High Chapters of the Future Homemakers of America held a swimming and slumber party from four p.m. Friday until 8 a.m. Saturday.

After swimming at the local pool, the girls went back to the gym to eat supper. Music was enjoyed until the square dancing began.

The business meeting began at 10:15 with Imelda Hanel, president, presiding. Betsy Vogelsang gave a financial report while Colleen Dameron presented pictures of the installation of new officers that was held in June.

Plans were made for the August meeting and committees were appointed. Betsy Vogelsang heads the publicity committee while Wilma Baldrige is head of the food committee. Others are Colleen Dameron, recreation and Annetta Sheldahl, invitations.

The meeting was recessed following a motion until Saturday morning when the August meeting was discussed informally on the school campus.

Agnes Sheguit, Bernice Zarosky, Colleen Dameron, Janis Jistel and Betty Lou Gibbs were the only girls remaining awake all night.

At 6:45 a.m., Saturday, following breakfast, the meeting was resumed. The members will hold an Indian Pow Wow during August with the purpose of getting acquainted with the freshman girls of 1954-55. Also the meeting is designed to help the girls

meet their teachers and to impress upon them the advantages of homemaking and of being a Future Homemaker girl. It is to be held on the school campus on August 25 beginning at 5:30 p.m.

The party came to a conclusion about 8 a.m. Beulah Edmondson, Betty Gibbs, Betsy Vogelsang, Rose Matyastik, Carol Matula, Dorothy Plasck, Imelda Hanel, Bernice Zarosky, Colleen Dameron, Agnes Sheguit, Janis Jistel, Ethel Mae Jistel, Rudolphine Hoelscher, Wilma Baldrige, Annetta Sheldahl and Mrs. W. T. Whitley, Jr., sponsor, were present for the affair.

## MORE MONEY for ROADS

During Allan Shivers' Administration more money has been spent for roads than in any other comparable period in Texas history.

For that money Texas added 14,926.10 miles of smooth roads to the state highway system and maintained all roads to keep them safe and sound for you.

Allan Shivers knows the importance of good roads to you. Whether trade-routes that speed goods to market or modern super-highways that make your driving a pleasure, good roads save you time and money.

### IN MILAM COUNTY

\$1,753,864.89 has been spent on roads for you during Allan Shivers' Administration.

You have 55.47 more miles of roads today than when he became your governor.

This means better Farm-to-Market roads, so important to farmers and citizens of small towns.

It means modern, safe highways that make your trips en joyable and inexpensive.

Texas comes first with Allan Shivers.

## THE LITTLE RIVER PHILOSOPHER WANTS UNKNOWN CANDIDATE'S PLATFORM ADOPTED BY STORES AND BANKS.

Editor's note: The Little River Philosopher on his Johnson grass farm at Marlow has another idea he won't get anywhere with, but he never stops trying. Dear editor:

I don't know much about politics or politicians either, and my forecast on how any election is gonna come out is about as dependable as a Russian promissory note. Also, I have never understood why people run for office when there's anything else to do, although there must be some good reasons as nearly every office that's available, there's always somebody willing to run for it.

And also, the reasons candidates give why they ought to be elected have always appealed to me, I sort of keep a mental scrapbook of them, and the other day I was pleased to add a new one.

This candidate, according to a statement I read in a newspaper which drifted in

here on a dry wind, said he ought to be elected because, as he phrased it, "You haven't heard too much about me."

According to him, not having heard a man is a strong recommendation, in these days of investigations, and he may have a point, as I'll admit the less you know about some candidates the more you might be in favor of em.

But what I'd like to see is this system applied to other endeavors not just limited to politics. For example, if banks would make loans on the same basis, all a man would have to do to swing one would be to find a bank that never had heard of him, and with the number of banks there are in this country, I figure I could operate for years without ever once being turned down.

This idea of investigating a man thoroughly before extending him credit is what keeps more money from circulating, is what keeps merchandise sitting on store shelves instead of winding up in homes where it was intended.

What this country needs is to get away from this eternal suspiciousness, back to where a man's word, if it ain't as good as his bond, is at least good for a television set on credit.

I doubt if this candidate I mentioned is gonna win, didn't see how he can if nobody ever heard of him, but he has hit on an idea which certainly would help some people if it was applied universally by banks and stores. It would help me if it was applied just in a ten-mile radius for one week.

Yours faithfully,  
J. A.

## Corene Girndt Becomes Bride Of Charles Woods At Cyclone Ceremony

Saint Joseph's Catholic Church, Cameron, was the scene of the marriage of Miss Corene Girndt and Charles Edward Woods last Saturday morning. Rev. Michael O'Regan read the wedding cere-

mony and nuptial Mass, assisted by Rev. A. R. Doga of Pasadena. The altar was banked with arrangements of gladioli and palms flanked by wrought iron candelabra.

Mrs. Alvin Schneider played the traditional wedding marches and nuptial music on the organ.

Given in marriage by her father, the bride wore a gown of Chantilly lace and tulle over taffeta. The fitted bodice came to points over the skirt of lace and tulle in front and back. The skirt fell into a cathedral-length train. The low-cut neckline was filled in with nylon illusions applied with scallops of lace. Her fingertip-length veil of imported silk illusions fell from a tiara of orange blossoms and she carried a bouquet of stephanotis with lace medallions and streamers.

Miss Lea Mae Girndt, sister of the bride, served as maid of honor. She wore a full-length gown of blue jeweled net over taffeta. A matching hat completed the ensemble. Her nosegay was of pink carnations.

The bridesmaid wore gowns and hats similar to the maid of honor's in yellow, orchid and green. They carried matching nosegays of carnations.

Corene Green was flower girl and Lynn Girndt was ring bearer.

Marvin Schneider was best man. The bride-groom was also attended by his brother, Van Woods, Ladis Matous and Monroe Kosel. Ushers were Hulen Girndt, brother of the bride and Albert Smetana.

The reception was held at Flag Hall. Miss Loretta Engbrock registered guests. Mrs. Jerome Green and Mrs. Willard Green served the bride's table.

The bride is the daughter of Mr. and Mrs. W. L. Girndt. She graduated from Rogers High School. Mr. Woods, son of Mr.

and Mrs. R. B. Woods of Cameron was graduated from Yoe High School, Cameron and attended the University of Houston.

Following the wedding trip, Mr. and Mrs. Woods will live in Pasadena where he is employed.

## Charlene McDermott Celebrates Second Birthday July 1

Charlene McDermott, daughter of Mr. and Mrs. Charles E. McDermott, was honored on her second birthday at a lawn party given Thursday, July 1 at the home of her parents in the Marlow community.

Toy red fire trucks were party favors. The little guests were served ice cream with a colonial doll cake, baked by Mrs. G. A. McDermott and a western scene cake baked by Charlene's mother.

Assisting Mrs. McDermott were Mrs. Eugene Mitchan, Mrs. Erskine McDermott and Miss Elizabeth McDermott.

Eighteen were present to enjoy the party and they were Kim, Murray and Martha Lynn McDermott, Sharon, Marilyn and Arthur Hanel, Michael Zajicek, Richard and Rebecca Burnett, Margaret Ann Perkins, Mike and Steven Ruff, Pamela Mitchan, Donna Lynn Tindall, Thelma Rene Baggerly, Frank and John Hanel and Nancy Baker.

## Mrs. Della Pharrries Honored on 76th Birthday

A dinner was enjoyed at the Cameron park honoring Mrs. Della Pharrries on her seventy-sixth birthday.

Other guests for the occasion were Mrs. Lina R. Kemp of Cameron, Mrs. Sallie Reeder of Flynn, Mrs. Hattie Edge, Joyce Wright and Karl, all of Texas City, Mr. and Mrs. Virgil R. Lake, Beth and Joe of Houston, Mr. and Mrs. William E. Pharrries and twin sons of Austin, Mrs. Blakely Bailey and Bette Jean of Gause, Mr. and Mrs. Giles Burnett, Abilene and Newton and Mr. and Mrs. Will Lake, all of Cameron.

## Mrs. C. R. Criswell Entertains At Party

Mrs. C. R. Criswell honored her niece, Karen Cline of San Antonio with a birthday coffee at her home in Buckholts Saturday morning. Arrangements of crepe myrtle decorated the party rooms.

After the group enjoyed games played on the lawn, the hostess invited them into the dining room for refreshments. The honoree served coffee in demi tasse cups from the silver service, assisted by the hostess who offered salted nuts and hot sugared doughnuts beautifully arranged in a huge mound, shaped like a party cake, topped with 12 lighted candles.

Plate favors were barrettes for the hair. Guests included Twilla Porter, Jeanette Fuchs, Nancy Zavrel, Annie Childress, the honoree's mother, Mrs. Sidney Cline and grandmother, Mrs. W. H. Ez-zell.

The honoree was presented many lovely gifts.

## Arthur Hugh Baskin Reported Improved

Arthur Hugh Baskin is in the St. Edward Hospital from injuries received in a car accident Sunday night. It was reported earlier that his condition was serious but latest reports indicate that he is much better.

It was thought at first that

surgery would be necessary but since his rapid improvement, it was reported that surgery might not be necessary. His many friends will be glad to know that he is much improved.

## Fuessel Family Reunion Held At Taylor June 27

Members of the Fuessel family met at the Taylor park in Taylor Sunday, June 27, for their annual reunion celebration.

Visitation, games and swimming in the pool were enjoyed throughout the day. A basket lunch was served picnic style at the noon hour.

Approximately 100 persons attended from Houston, Taylor, San Angelo, Buckholts, Cameron, Rosebud, Burlington, Rockdale, Eola, Hutto, and Thrall.

Those from Milam county were Mrs. Ella Fuessel and son, Alex and Hugo, Mr. and Mrs. Ladis Zavrel, Nancy Jane and Patricia, Mr. and Mrs. Frank Kratchvil and son, David, Mr. and Mrs. Raymond Fuessel, Toby and Barbara, Mr. and Mrs. Edwin Fuessel, Ann, Kurt and Garriett, Mr. and Mrs. Edwin Juneke, Jolene and J. D.

All reported an enjoyable time and are looking forward to next year's annual get-together.

Best Interests of Texas People Served by Shivers' '52 Decision

Which is better Texas Democracy—to support a native Texan candidate for president who is declared friend of Texas but doesn't carry the political tag "Democrat" or to vote for a candidate running under the Democratic banner who is avowedly opposed to Texas' interests?

That was the question that faced Democratic Governor Allen Shivers in 1952. Dwight D. Eisenhower, the Republican candidate, declared unequivocally for restoration of tidelands to Texas and other coastal states. Mr. Shivers made a trip to Illinois to ask Democratic Nominee Adlai Stevenson how he stood on the question. When Stevenson said he was against state ownership, Governor Shivers made his decision. He said:

I supported and voted for a native Texan, a man who had said he would return the Texas tidelands to the school children of Texas because he thought they rightfully owned them.

My political opponent in this race, the same one that I defeated two years ago by almost 500,000 votes, says that I have been disloyal to the Democratic Party because of that action. I say to you that I would have been unfaithful to my trust, I would have been untrue to the people of Texas, to its school children, I would have been unfaithful to myself, had I taken any other course.

Bonuses and royalties from oil leases on the offshore lands go to the public school fund. Already the school children have been benefitted by \$32 Million from the leasing of only one-fifth of those lands restored to the state, and the governor predicted, as many oil men believe, that the tidelands victory, made possible by Eisenhower's election, will mean from \$500 Million to \$1 Billion or more to Texas public schools. As the governor pointed out, this \$32 Million was received for bonuses alone, not for royalty. He added:

The state will get on production the usual one-eighth royalty, and when the other four-fifths of this valuable asset for the schools is leased and developed, who knows what it might amount to?

In view of these facts, Governor Shivers' support of Eisenhower was laudable and merited the approval of Texans. Indeed, an estimated 600,000 Texas Democrats did the same thing that he did—voted for Eisenhower.

Milam 4-H Clubbers Attend Camp; Tour Plant at Trinidad

Texas Power & Light Company was the hosts to about 110 4-H club members and County Extension Agents from 27 counties in Texas. Rex McClaren, Carroll Wayne Jungmann, Mary Smith and Mrs. Alice Hughes were representatives of Milam County.

The annual 4-H Electric Camp was held June 29, 30 and July 1 on the grounds of the Trinidad Steam Generating Station of Texas Power & Light Company, located near Trinidad.

The camp site overlooks the 700 acre man made lake used for cooling purposes in the power plant.

Texas Power & Light personnel and Specialists from A & M College taught short courses in (1) wiring farm homes and buildings; (2) Farm and Home Safety; (3) Home lighting and (4) Use of home appliances.

Crafts made during the program were extension cords, table lamps, brooder lamps and outdoor or utility lights.

Each boy and girl attending camp made at least one of these items to bring home.

On the last day of camp boys and girls in each section gave summaries of the things learned, by giving their own demonstrations before the entire group. Summaries were planned so every boy or girl present participated.

Before leaving for home the group was allowed to tour the generating plant. Company guides explained the different operations of the plant during the tour.

League Standings Broken At Monday Night Ball Game

A four-way tie was broken in the Junior Boys League at the City Park Monday night when the Gas House and Cardinals emerged as victors over the Indians and Yankees and tying for the number one position.

It was the Gas House players who set the ball rolling the first of the double hitter to take the Indians 13 to 4. The second game of the night found the Cardinals taking the Yankees 13 to 2.

Chillie Williams twirled the winning team to victory while Lee Hollas was the catcher. Battery for the losers are Dillon, catcher and Griffith Barrett, pitcher.

Bartow Johnson led his winning team as the leading hitter, slugging out two homers. The big noise for the Indians was B. Mayer, who also was accredited with a home run.

Bobby Brantly pitched his team to a 13-2 victory over the Yankees while Arthur Marek was on the mound for the losers. Catching chores for the Cardinals was left up to Bobby Elliott and Yankee catcher was Littleton Barrett.

The big hitter for the Cardinals was Elliott with one single and one home run. Gerald Witt led the Yankees with two singles.

The Gas House and Cardinals with two wins and one loss each are tied for the first place in the league. The Indians are next with one loss and two wins each. The Yankees are in the last place with one win and two losses.

The Junior girls softball team did not meet last night but will continue its regular schedule again next week.

Texans Interested In Conserving Water Resources

"Public interest in water problems in Texas is at an all-time high", H. N. Smith, State Conservationist of the Soil Conservation Service, at Temple, said.

Many articles on water resources and water needs are appearing in newspapers and magazines, and Federal and State agencies, committees, and many cities are making water studies.

"This widespread concern about water supplies," Smith pointed out, "emphasizes the importance of taking needed steps without delay to prevent rapid filling of accompanying loss of valuable reservoirs with sediment with water storage capacity."

Smith referred to the four major reservoirs - Benbrook, Grapevine, Garba-Little Elm, and Lavon-which are being completed by the Corps of Engineers above Dallas and Fort Worth. "These reservoirs," he said, "will give flood protection to Dallas and Fort Worth and to levee districts and farmland along the river below them. The dams also will serve the very important purposes of storing water for municipal and industrial use, recreation, navigation of the Trinity, and streamflow regulation. Forseeing even greater needs for water in the future as Texas develops, we need to do everything that can be done to protect and increase the useful life of these reservoirs."

Smith estimated that at the present rate of erosion, and soil movement in the watershed the sediment pools of the four reservoirs would be filled with sediment in 27 to 36 years.

Mr. and Mrs. Dick Holley and children of Houston were July 4 holiday visitors with relatives in Milam County.

It's Our 1ST Anniversary One Successful Year Serving Central Texas

Dr. J. E. Boyce explaining an X-Ray picture of the spine to a patient. When the vertebrae are brought into view it is possible to determine growths, bone diseases, injuries, etc., that may be causing organic distress. We have uncovered several cases of cancer, osteomyelitis, etc., by this careful investigation. We do not want cases we cannot handle.

The cases listed here are a few selected from the files at random to illustrate the wide scope of benefits available when Chiropractic removes the causative nerve interference. Every part of your body, every organ, gland, tissue, muscle, etc., must receive normal vital life energy (an electrical force) to live and work. Retard or interfere with this energy and mal-function will result. Functional disturbances become chronic diseases. Is your "Life Line" clear?

SORE THROAT:

CASE NO. 187, A girl, age 7, suffering for past year from fever, aching legs, sore throat, frequent colds, earache, constipation, and delicate health generally, was taken to a chiropractor for spinal analysis and X-ray examination. Rough play had caused a spinal injury which had been overlooked. Corrective adjustments brought rapid return to vigorous health which caused her entire family to become patients also. She remained well by visiting the chiropractor after any hard falls.

ASTHMA:

CASE NO. 177: A little boy of 8 was brought to a Chiropractic Clinic suffering from Asthma which he had had since birth. Various treatments had failed to do more than relieve each spell. Examination disclosed a vertebrae at the top of the spine causing nerve interference and defective energization of the air sacs of the lungs. Corrective adjustments restored the spinal alignment to normal and the Asthma has not returned during the past year.

GALL BLADDER TROUBLE:

This lady was brought to our clinic suffering from a very serious Gall Bladder disorder (gall bladder removal had been advised). Arthritic rheumatism, nervousness, extreme weakness and an unsteady, dizzy feeling were other symptoms given upon entrance. X-ray spinal analysis revealed misaligned vertebrae in the spine. Specific adjustments were given and in a short time the patient reported she was well and able to do her own work.

NEURITIS:

Woman, age 54, had neuritis in hand and shoulders. They felt numb and sometimes cramped. She was nervous and felt as though she were under a constant strain. There were spells of indigestion and faulty elimination. Several things had been tried in order to restore health, but nothing seemed effective until Chiropractic was given a fair trial.

CRAMPS:

A school girl, age 14, was brought to a Chiropractic Clinic complaining of chronic constipation, irregular periods and cramps, frequent colds and low vitality. She had taken laxatives daily and had tried various treatments in an effort to regulate her periods but with no results. A careful spinal analysis and X-rays located the cause to be defective energization to the intestines and various organic areas. Adjustments for a few months corrected the malposition of the vertebrae, which removed the cause of the trouble.

AGREED:

"I believe Chiropractic to be the most scientific method of adjusting real cause of disease, thereby allowing nature to resume normal action, which affects the recovery of the patient from bodily ailments."

### Councilmen Urge Citizens Not To Conjest Traffic During Fires

Only routine formalities were taken care of at the regular meeting of the city council this week. Four aldermen were present along with Mayor Horstmann.

The monthly reports of the water department and meter collections were given. The meter fund for June totaled \$943.24. The amount of revenue issued by the water department was around \$6,000. This figure is some higher than the previous months in that more water is being used for sprinkling lawns, more BO, and other uses.

One councilman reported that there was a noted increase in payments of parking meter fines and violations in the past few weeks. The City Council recently published a notice that procedures were underway to file on those who had not paid their fines up to June 15, 1954.

The main issue of discussion was relative to the fact that citizens conjest the traffic in the down town area when the fire alarm sounds. One alderman said that a car was parked in front of a fire plug Sunday night when the Lone Star Gas Company burned. Citizens have been warned by the city police department before, that it is an offense to violate such parking laws. Such conjestion of traffic hinders the firemen from connecting their fire equipment as quickly as possible. People other than the firemen are urged and requested not to get in the area of the fire as there is a possible danger of serious injury.

The Councilmen voted to go

along with the county authorities in the continuance of the city-county health program. Other minor details were discussed but no action was taken.

### Gospel Tabernacle Revival Continues

The revival of the Cameron Gospel Tabernacle Church is still in progress after starting four weeks ago. Rev. H. M. Bowley, pastor announced. The revival began at the church, and after one week transferred to a tent located at 23rd street and North Crockett, one block north of St. Edward Hospital.

Evangelist Sindey and LaVaughn Jones of Corpus Christi are conducting the revival, which will continue indefinitely.

Rev. Bowley said that the local church is having good services and that a crowd of 175 to 300 persons are attending nightly. He stated that fifty converts have been made since the revival started.

The public is invited to attend any of the services which begin at 8 p.m. each night.

## Virginians Praise Milam Cantaloupes; Raised on Lake Farm

Milam County cantaloupes got a big welcome in Arlington, Va. this week.

Recently Mrs. Bill Brown, the former Ruth Kemp of Cameron and daughter of Mrs. Lina Kemp and the late Judge Jeff Kemp, received a box of cantaloupes that were sent to her by Mr. and Mrs. Will Lake of the Curry Community. The cantaloupes were raised by the Lakes on their farm three miles north of Cameron.

Mrs. Brown wrote Mr. and Mrs. Lake expressing her gratitude to them for sending the delicious Milam County cantaloupes. She said the job of packing the cantaloupes was extremely good in that none of them were marred or bruised from the long journey. In her letter to the Lakes Mrs. Brown said she was going to share some of the cantaloupes with her neighbors since so many were in the box. Mrs. Brown said she had never seen such beauties and never had tasted such delicious cantaloupes. It was quite a rare treat for them she concluded, again expressing her appreciation to Mr. and Mrs. Lake.

## Large Crowd Sees White Sox, Yankees Win Ball Games

The first game of the Little League ball games with the White Sox vs. Indians started out to be a tip and tuck affair, and stayed so until the end of the third inning when the score read 2 to 1 in favor of the Indians.

However, at this point the Indian pitcher, Lefty Veazey, went stray and gave the ballgame to the White Sox, 11 to 2. The Sox gained three hits from the Indian pitcher while the Indians couldn't collect any off of Carol Fikes, White Sox pitcher.

Completing the battery were C. Heitmann for the winners and Charles Hollas behind the plate for the losers.

Leading hitter in the ball game was the first baseman Barrett who slugged out one double and one single.

As usual in the second game of the night, the Yankees lived up to their name and beat the Braves 11 to 4. The Yankees got six hits to the Braves 2. The leading slugger for the Braves was pitcher McGregory.

The main downfall of the Braves was wild pitching. Eddy Williams was the winning pitcher and Holloway was behind the plate McGregory pitched for the losers and Kirk was the catcher.

One of the largest crowds was present last night to see the Little League players in action. More parents and fans are urged to come out and watch the youngsters play and give encouragement to them. The boys are

decked out in new uniforms, donated by city business establishments, and they played top notch ball.

Coaching the White Sox is Allen Dodson with Doc Spear directing the Indians. Pooch Fikes heads the Yankees and Joe O'Neil manages the Braves.

## Sgt. Roy Bradley With 2d Division In Korea

2nd Div., Korea — Sgt. Roy D. Bradley, 24, son of Mrs. Viola Swain, 311 S. Jefferson st., Cameron, has been transferred from the 40th Infantry Division to the 2d Division in Korea.

He and other men who had not completed their tours of duty in Korea were shifted into the 2d when the 40th was recently returned to the U. S.

Bradley, an ammunition sergeant, attended Paul Quinn College in Waco before entering the Army.

## Methodist Youth Hold Sub - District Meeting Thursday

A sub-district meeting of the Methodist youth organization was held Thursday night at the First Methodist Church. Several churches of the district had representatives present.

Nick Nabours and Jane Henderson had charge of the program. Nabours is president of the district.

The theme of the program was "By Invitation of Jesus." Churches sending delegates were Bremond, Marlin, Rosebud, Regean, Buckholts, Lott, Chilton and Kose.

A recreation and social hour followed the program.

## Polio Cases Up; Texas Leads List

## Bolt Weevil Damage Light in Treated Cotton Fields

The bolt weevil infestation in 67 early treated fields inspected in McLennan, Hill, Williamson, Limestone, Falls, Navarro and Milam Counties averaged 5 percent punctured squares.

This compares with an average of 25 percent punctured squares in 19 untreated fields inspected in McLennan, Limestone and Falls Counties. The infestation exceeded 25 percent punctured squares in 3 of 47 treated fields and 6 of 17 untreated fields in McLennan County, 1 of 5 treated fields in Navarro County and 1 untreated field inspected in Falls County.

The cotton fleahopper infestation averaged 2 per 100 terminals in 106 early treated fields and 9 per 100 terminals in 28 untreated fields with an overall average of 4 per 100 terminals. This compares with an average of 3 per 100 terminals last week. Infestations warranted control measures in 3 of 19 untreated fields in McLennan County. Injurious thrips

infestations were reported in untreated late planted fields in this area.

Grasshoppers were damaging some fields in each county. Light

spider mite infestations were found in a few fields in McLennan and Williamson Counties. Light leaf miner infestations were found in McLennan and Falls Counties.
